In such cases, and only in such cases, the owner or custodian must keep the animal that has been determined by the animal ~~control-services~~ department director to be creating a public nuisance on his or her own property at all times unless the animal is under physical restraint. If the animal ~~control-services~~ department director declares an animal to be a public nuisance under this section, then the director has the authority to instruct the animal's owner or custodian in writing to confine the animal in a secure enclosure when the animal is on the owner's or custodian's property and to restrain the animal by means of a leash, chain, or other like device when the animal is off the owner's or custodian's property. It shall be unlawful for the animal's owner or custodian to fail to comply with the animal ~~control-services~~ department director's instructions.

(Ord. No. 5-99, § 1, 11-8-99)

Sec. 6-10. Registration of dogs and cats required.

(a) An owner of any dog or cat must obtain a registration for such animal within sixty (60) days after the dog or cat is acquired. New residents shall have sixty (60) days to register any dog or cat.

Failure to register within the proper time period will result in a late fee, which shall be fifty (50) percent of the annual license tax registration fee.

In an effort to reduce the number of unwanted dogs and cats in Forsyth County and as an incentive to owners of dogs and cats to have their animals sterilized, registration of all nonexempt dogs and cats shall require payment of an annual license tax registration fee, which shall be assessed based upon whether or not the animal is fertile.

Therefore, there is hereby imposed an annual license tax registration fee (hereinafter referred to as "registration fee") on the privilege of keeping all nonexempt dogs and cats within Forsyth County as outlined below. There is hereby imposed an additional annual registration fee in the amount of one hundred dollars (\$100.00) per dog on the privilege of keeping a dog within the county that has been declared to be a "dangerous dog" by the county health department or the county animal ~~control-services~~ department as outlined below.

	Dogs	Cats	Duplicate Tag	Late Fee
Unfertile (Sterilized)	\$5.00	\$5.00	\$5.00	\$2.50
Fertile (Unsterilized)	\$25.00	\$25.00	\$5.00	\$12.50
Dangerous Dogs	\$100.00	-0-	\$5.00	\$50.00

(b) The animal ~~control-services~~ department shall maintain records of the dog and cat registration numbers and the person to whom the registration tag is issued.

(c) It shall be unlawful for any person to use for any dog or cat a registration tag issued for a dog or cat other than the animal for which the registration tag was issued.

(d) It shall be unlawful for any owner of any dog or cat to fail to provide any dog or cat with a current registration tag as provided in this section. Such failure shall constitute a violation of this section and a class 3 misdemeanor as provided by G.S. 14-4. No registration or permit will be issued unless written proof of current rabies vaccination is shown at the time of application for registration.

(e) It shall be unlawful for any owner of a dog to fail to provide said animal with a collar or harness to which a current registration tag issued under this section is securely attached. The collar or harness, with attached registration tag, must be worn by the animal at all times, except while the animal is participating in bona fide animal shows, obedience trials, tracking tests, field trials, training events or training schools, or other events sanctioned and supervised by a recognized organization, or except while the animal is involved in lawful hunting activities, provided that the animal's owner or keeper has the tag in his or her actual possession at these times.

(f) It shall not be required for any owner of a cat to provide said animal with a collar or harness to which the registration tag issued under this section is attached, however, it shall be unlawful for any owner of a cat to fail to have in his or her actual possession a current registration tag for said animal.
(Ord. No. 5-99, § 1, 11-8-99; Ord. No. 1-2004, § 1, 6-26-04)

(a) Initial application for registration may be made at the department of animal ~~control~~services or designated facility, or by mail and shall include the name and address of applicant, description of animal, proof of rabies vaccination, proof of sterilization, if appropriate, and proof of animal's registration in exempting events (for show animals) or a valid hunting license (for hunting dogs), if applicable, and the appropriate fee. Upon receipt of the application for registration and all required supporting documentation, the department of animal ~~control~~services will issue a durable tag stamped with a registration number.

(b) Registrations issued under this section shall be valid for a term of one (1) year, commencing with the date of issuance. The dog or cat owner must renew the registration annually by submitting a renewal application and paying the appropriate registration fee. Upon receipt of all required documentation and payment of the appropriate fee, if applicable, the department of animal ~~control~~services will issue a new registration to indicate the new period of valid registration. Renewal fees received thirty (30) or more days after expiration will be subject to a late fee, which shall be fifty (50) percent of the registration fee.

(c) If a registration tag is lost or stolen, a duplicate tag may be obtained by completing an application for duplicate tag and paying the appropriate fee. A duplicate tag cannot be issued until fifteen (15) days after the application and fee are received by the department of animal ~~control~~services. Application forms for duplicate tags are available from the department of animal ~~control~~services or other designated facility.
(Ord. No. 1-2004, § 2, 6-26-04)

(3) Any animal in the care and custody of a not-for-profit 501(c)3 animal welfare organization that requires sterilization before adoption.

(b) An owner of a fertile dog or fertile cat which participates in at least three (3) nationally recognized confirmation shows or professionally organized events during the previous twelve-month period shall be exempt from paying the twenty-five dollars (\$25.00) registration fee for the show animal. The registration fee for such an exempt owner shall be five dollars (\$5.00) for each such dog or cat. In order to qualify for said exemption, each year the owner must furnish the county with proof of the animal's registration in the exempting events.

(c) An owner of fertile hunting dogs shall be exempt from paying the twenty-five (\$25.00) dollars registration fee for each hunting dog. The registration fee for such an exempt owner shall be five dollars (\$5.00) for each such dog. In order to qualify for said exemption, each year the owner must furnish the county with a valid hunting license.

(d) An owner of a fertile dog or cat, who provides the county with a written statement from a licensed veterinarian which states that, due to the animal's health, the animal cannot be sterilized, shall be exempt from paying the twenty-five dollars (\$25.00) registration fee for that animal. The registration fee for such an animal shall be five (\$5.00) dollars.

(e) The annual registration fee may be waived for the first 12-month period a dog or cat is registered as spayed or neutered. A certificate from a veterinarian, or if such is unavailable, a statement from the owner under oath, must be presented certifying that the dog or cat for which a registration application is made is either a spayed female or a neutered male.

(a) *Circumstances requiring special preventive measures.* When the animal control-services department deems that preventive measures are appropriate, the department shall have the authority to require the person owning or having possession, charge, custody or control of an animal to comply with specific preventive measures, as described below in subsection (c), after taking into consideration the following circumstances:

- (1) Nature of the particular animal. The behavior, size, temperament, breed, capacity for inflicting serious injury, the number of animals or other such similar factors which would be relevant to a determination of whether or not additional preventive measures need to be imposed for a particular situation;
- (2) Adequacy of confinement. The adequacy of the enclosure or confinement, if any; and
- (3) Immediate surrounding area. The likelihood that the conditions pertaining to the particular animal and the animal's confinement are detrimental to the safety or welfare of citizens or the peace and tranquility of citizens in the immediate surrounding area.

(b) *Additional factors.* In considering whether to order a special preventive measure, the department is authorized to consider additional factors as aggravating circumstances that might warrant the ordering of special preventive measures, including, but not limited to:

- (1) Child under thirteen (13) years of age. There is a child under the age of thirteen (13) who lives in close proximity to the animal, or children walk by or are otherwise in close proximity to the property occupied by the animal;

- (3) Dog trained for fighting or attack. The dog is kept primarily or in part for the purpose of

dogfighting, or the dog has been trained for attack;

- (4) Attitude of attack incident. The animal, without provocation, has approached a person in an apparent attitude of attack; and
- (5) Reputation of animal. The individual animal has a known propensity, reputation, or tendency or disposition to attack unprovoked, to cause injury or to otherwise endanger the safety of human beings or domestic animals.

(c) *Preventive measures.* If the animal control-services department determines that the circumstances require special preventive measures, the department shall have the authority to require appropriate, specific preventive measures which shall include, but are not limited to, the following: Requiring repairs deemed appropriate by the department to any fence or enclosure, measures to ensure that a gate will remain closed, a "fence" or "secure dog fence" or any other similar device that would provide greater assurance for the confinement of the animal, all of which are subject to being specifically approved for their adequacy by the department. The department shall have the authority to establish the fencing and enclosure requirements on a case-by-case basis.

When the department deems that preventive measures are appropriate, the department shall have the authority to require the animal's owner or person having possession, charge, custody or control of the animal to install a microchip implant in the animal at the owner's or keeper's expense, if that is deemed necessary by the department for identification, investigative or enforcement purposes.

The department shall have the authority to exercise discretion in providing for extensions of time for the owner's or keeper's compliance if the department deems an extension to be reasonable in view of the owner's or keeper's good-faith progress in implementing the preventive measures.

(e) *Failure to comply with written order.* It shall be unlawful for the animal's owner or keeper to fail

to comply with a written order from the department within the designated time for compliance stated in the order or any extension thereof. In addition to the penalties set forth in section 6-55, the penalty for a failure to comply with the written order shall be one hundred dollars (\$100.00).

~~*Seizure and disposition of animals by written order or court order*~~

If the animal control-services department presents an animal's owner or keeper with a written order or a court order to seize the animal, it shall be unlawful for the owner or keeper to fail to comply with the order or to interfere with the animal control-services officer.

The animal's owner or keeper shall be entitled to redeem the animal from the animal control-services department within five (5) days of the date of the animal's seizure (unless the department retains the animal upon some other basis of legal authority) by paying all applicable fees, citation fees, boarding fees, any other costs that are attributable to the animal and by complying with any outstanding department order and court order.

If an animal's owner or keeper fails to comply with the requirements that constituted the basis for seizing the animal or fails to reclaim the animal within five (5) days of its seizure, the animal control-services department shall have the authority to humanely destroy the animal or place the animal for adoption by the public, all in accordance with this chapter.

(g) *Appeal from preventive measures order*. An owner or keeper of an animal may appeal from a preventive measures order issued by the animal control-services department under this section by filing an appeal according to the requirements and procedures outlined in article VII of this chapter. (Ord. No. 5-99, § 1, 11-8-99; Ord. No. 1-2008, § 4, 9-22-08)

State Law References: Authority of county to establish and operate animal shelters, G.S. § 153A-442.

Sec. 6-45. Notice to owner.

Immediately upon impounding an animal, the animal ~~control-services~~ department shall make reasonable effort to notify the animal's owner and inform such owner of the conditions whereby the animal may be redeemed. This section shall not apply to owner-surrendered, abandoned, or quarantined animals or to livestock or wildlife.

Sec. 6-46. Redemption by owner generally.

(a) *Redemption.* The owner of a registered animal impounded under this article may redeem the animal and regain possession thereof within one hundred twenty (120) hours/five (5) days of impoundment by complying with all applicable provisions of this chapter and by paying all fees and penalties due. The owner of an unregistered animal impounded under this article may redeem the animal and regain possession thereof within seventy-two (72) hours/three (3) days of impoundment by complying with all applicable provisions of this chapter and by paying all fees and penalties due. (b) *Microchip required.* Every dog and cat found to be in violation of this chapter, upon its redemption by its owner and prior to its release by the animal ~~control-services~~ department, shall be implanted with a microchip and registered for purposes of identification and recovery. Such animal may be adopted by a prospective new owner who pays the required fee and agrees to comply with all local ordinances and regulations and state law regarding animals. The county will not purposefully release for adoption any animal that has previously bitten a person, is aggressive or is potentially dangerous. However, the animal control-services department director shall have the authority to waive the restriction on placement of animals that have bitten if the director determines that the bite was inconsequential and not related to an act of aggression.

(b) No animal owner may be permitted to adopt his or her own animal under the provisions of this section, but he or she must comply with the provisions of section 6-46 in order to reclaim an animal that has been impounded pursuant to state law or this chapter.

(b) The "adoption/medical agreement" will be completed at the time of adoption. If the adopter fails to comply with the agreement, an animal control-services officer may be dispatched to retrieve the dog or cat if corrective action has not been taken by the animal's owner.

(c) At the adopter's expense, adopted animals shall be spayed or neutered, inoculated, and implanted with a microchip prior to being released for adoption by the animal control-services department.

(Ord. No. 5-99, § 1, 11-8-99)

Notwithstanding any other provision of this article, impounded animals which appear to be suffering from rabies shall not be redeemed or adopted, but shall be dealt with in accordance with article II of this chapter.

(Ord. No. 5-99, § 1, 11-8-99)

Sec. 6-50. Destruction of wounded or diseased animals.

Such cases shall be documented on the animal custody record. The animal ~~control services~~ department has the authority to humanely destroy severely injured livestock under the same circumstances upon the owner's request or when the owner is unknown.

(Ord. No. 5-99, § 1, 11-8-99; Ord. No. 1-2008, § 7, 9-22-08); G.S. 19A-32.1.

(Ord. No. 5-99, § 1, 11-8-99)

Sec. 6-52. Security for costs.

(b) *Bond.* Any person claiming an ownership interest in any animal confined pursuant to this chapter may prevent the disposition of the animal after the five-day period set forth in section 6-52(a) by posting a security bond or cash with the animal ~~control services~~ department prior to the animal being adopted or euthanized in an amount sufficient to guarantee payment of all of the reasonable expenses expected to be

The amount of the bond/cash shall be determined by the animal control-services department director based on the current rate for board and on the condition of the animal after examination by an animal control-services officer. Failure to timely post the security shall result in the animal being immediately forfeited to the animal control-services department for disposition in accordance with section 6-18(f).

(c) *Notice.* Excluding owner-surrendered animals, if the animal control-services department takes custody of an animal pursuant to this chapter, the department shall give notice of this section by posting a copy of it at the location where the animal was seized or by delivering it to a person residing on the property of the owner within twenty-four (24) hours of the time the animal was seized.

(d) *Security forfeited upon failure to pay costs.* If the fees, costs, and penalties owed for the animal are not paid in full by the end of each security period, the security already posted shall be forfeited to the county on said date and used to pay the remaining unpaid fees, costs, and penalties owing for the animal. The animal's owner shall remain responsible for all remaining unpaid fees, costs, and penalties. Any security bond/cash remaining after the payment of all fees, costs, and penalties shall be remitted to the person who posted the bond/cash.
