General Fund

An organization chart shows the relationships between the Board of Commissioners, other related Boards, the County Manager and operating departments in the General Fund.

Data on personnel positions by service area follows trends in staffing from prior year actual through the adopted budget for the new fiscal year.

Summary sheets are included at the beginning of each service area (for example, Public Safety) that show the relative costs for the function compared to the total budget. Overall goals and objectives for the service area are also shown. Service area organization charts and personnel position data are also shown in the summaries.

Sheets are then provided for each County department and joint City-County department. There are separate sheets for thirty-one County departments and four joint City-County departments administered by the City of Winston-Salem (Emergency Management, Inspections, Planning and Purchasing). There are also two joint City-County departments included under Special Appropriations (Transaid and Historic Bethabara). The sheets for each department include: a mission statement, budget highlights, performance and workload measures, a program summary, expenditure and revenue data and (with the exception of joint City-County departments) trends for budgeted positions from Prior Year Actual through Adopted.

Special Revenue Funds

The Emergency Telephone System Special Revenue Fund is used to account for the sixty-cents per month E911 surcharge. The funds are to be used exclusively for costs associated with the Emergency Telephone System.

The Law Enforcement Equitable Distribution Fund is used to provide funds from drug seizure revenue for the eradication of drug trafficking in Forsyth County. These monies are to be used exclusively for equipment, personnel, and training as designated by the Sheriff in accordance with Federal law.

One of the County's multi-year special revenue funds are school-related. The sheets for these funds show the projected flow of state and county funds for these projects. The County's match for the State Public School Building Capital Fund comes from bond funds and ADM funds rather than the General Fund.

The Housing GPO's include transfers from the General Fund for local matching funds, plus expenditures and revenues from various grant-funded housing programs.

The Justice Assistance Trust Grant Funds are used to account for the Federal Justice Assistance Grant shared with the City of Winston-Salem and/or the Town of Kernersville.

The Special Tax District Fund is used to account for property tax collections and other revenue sources for distribution to the County's twenty-two fire tax districts & 2 service districts. Information is included for each district on the appropriation, fund balance and tax rate for the current year; the requested and recommended tax rate; and the tax rate revenue, fund balance appropriation and total appropriation for the new fiscal year.

The O. Moser Special Revenue Fund is designed to provide assistance and special requests from the elderly population of Forsyth County.

Capital Improvements Plan

This section describes projects that are in the **planning** stage. The Capital Improvements Plan is the result of an ongoing process by County officials to assess the need for major capital expenditures, assess the feasibility of funding these projects, and establish an orderly plan for implementation. Operating expenses for the General Fund are also shown by project and year on the Annual General Fund Requirements by project and Annual General Fund Requirements by Department sheets.

Projects are distributed through the ten-year plan based on need, and in keeping with the County's debt-ceiling policy. As mentioned above, this section describes projects that are in the **planning** stages while the previous sections describe **established** funds.
